A Glimpse at My *Pinterest* 'ing Life

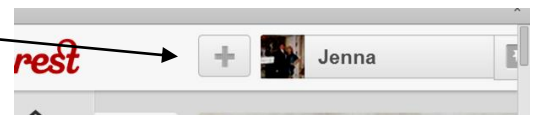

For this activity you will collect a series of images that reflect your life and create a digital visual 'board' through the website 'Pinterest'. Follow each step below carefully and ask for assistance at any point.

Step 1: Log into the school computer and open your internet browser

Step 2: Go to the website www.pinterest.com

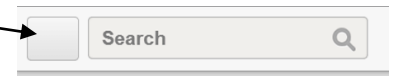

Step 3: Create a Pinterest account by either signing up with Facebook, Google, Twitter or by entering your e-mail. If you already have an account, great, log-in!

Step 4: Next, create a Pinterest board (folder) by clicking the 'add' button on the top right side of your screen. Name this board 'My Life'. This is the folder that you will 'pin' your images to.

Step 5: Search for the specific images listed below using the search tool.

When you find the image that suits you, simply click 'Pin It' and select your 'My Life' board to add it to. NOTE: Pinterest will ask you to add or edit the existing description. In this description area, add the number from the list below and a brief description of how the image reflects you and your life.

See how many images you are able to 'pin' about your life from the list below. Choose carefully!
